*I have done my art for 35 years + and have enjoyed every moment of it. Should say.... I am English, Scottish, and South Eastern Creek of the Wind Clan. And a member of the Echota Cherokee of the State of Alabama. The faces I have done are of images that impressed me. Trying to portray their life, through the expression on their faces, and the point in time they lived in. Some are friends I have admired and they have let me into their world for a while. At times I have gained wisdom from ones the Creator directed me to. The love of doing this in my life has given me peace. I have learned in Layers of Life that the Creator has a time and a place for everything. You just have to listen to him and obey. That's the hardest thing to do sometimes. But in turn he has taught me and is still teaching me.*

*His gift of doing art in my life, has given me the Blessings. Who knows me better than my maker. Come and see what I call my Children, these pieces are a part of me. And the Blessings of Love, Life and Wisdom given by the Creator. Expect to see great detail in my work.*

*If you want detail - you want a Lockhart.*
